

AUGUST 2023

RePORT International Meeting 6-8 September 2023 Goa, India

RePORT International is preparing for its annual meeting in Goa, India. We hope to see many of you in September to discuss new TB research and future collaborations!

KEY COMPONENTS

Plenary Session: Distinguished researchers and experts in the field from India will deliver keynote addresses highlighting recent breakthroughs, challenges, and opportunities in TB research and innovation.

Scientific Sessions: Scientific sessions will provide researchers, including young investigators, with the opportunity to present their work through oral presentations. These sessions will cover various aspects of TB research, including early TB detection, Sub Clinical TB, diagnostics, vaccines.

Operational Sessions: The Scientific Working Groups will also meet to discuss the various activities in TB RiCC.

Over 90 participants including TB researchers, principal and junior

investigators from RePORT International networks, representatives from National Institutes of Health, USA - funding agencies, are expected to participate in this edition of the RePORT International Annual Meeting. This Annual Meeting will strengthen the collective efforts against TB and contribute to the global goal of ending TB.
